

compilation of information related to the registration of associated persons in one central repository for access by regulators and broker-dealers, and could allow the Exchange's regulatory group, as well as the firms themselves, to better determine whether a registrant has met applicable continuing education requirements. The Commission believes this should increase regulatory efficiency and capabilities without imposing an undue burden on participants.

The Commission also believes that it is reasonable to provide the Exchange with the flexibility to determine whether it, or FINRA, would be best suited to process fingerprint cards, while participants would continue to have the obligation to submit fingerprints.

Furthermore, the Commission believes that it is appropriate for the Exchange to amend its Fee Schedule to reflect fees that FINRA would charge for services rendered in connection with the use of Web CRD and the fingerprinting services set forth in the proposal. The Commission notes that CHX would not be charging any additional fees of its own.

Finally, the Commission agrees that it is appropriate for CHX to delete Interpretation and Policy .03 of Article 6, Rule 2 relating to the firms' requirement to notify the Exchange of the termination of any non-registered, associated person's employment, since it has become obsolete given CHX's new trading model and since CHX regularly receives an updated list of a firm's associated persons when it conducts its annual examinations.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹¹ that the proposed rule change (SR-CHX-2007-21), as amended, be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹²

Florence E. Harmon,
Deputy Secretary.
